About 1,000 men are effected and work was stopped on a large number of buildings. If an agreement is not reached in a few more days 4,000 more men will be called out.

A host of democrats from all parts of the county called Monday and congratulated us upon the course of the Times in the Judicial contest. That while it was defending Mr. Graves from an unjust and unmerited fight, it was at all times courteous to his opponents, speaking only good words of them We assured them all that it was the only course the Times would pursue in a democratic contest.

The corporations must stamp their own bills of lading Washington dispatches announce that the stamp representing the war tax on express matter must be affixed to bills of lading by the express com panies and not by the individual shipper. The express companies undertook to dodge this war stamp act by compelling the shipper to stamp the companies' own receipts for packages shipped.

As soon as the non-combatants left the city of Santiago, the dispatches say the Spanish soldiers began a systematic plundering of the dwellings vacated under the pretext that they were hunting something to eat. Outgoing refugees were allowed to take away a little, but no more than could be carried on the person, so the road leading through the American lines is filled with unhappy wayfarers. Delicate women wearing their dearest fineries and with lots of money in their pockets are fording streams and resting often by the roadside, having to beg food from the soldiers. The Red Cross society is doing all in its power to alleviate their sufferings, but the task is a great one, as there are thousands of these people who have been driven from the fated city to escape the fierce bombardment by the American army.

A MAGNIFICENT SERMON.

The spectacle of a captain of a great battle ship, surrounded by his men, with bared heads, thanking God for the great victory, after passing through a baptism of fire, must be an inspiring scene, though Thursday, will be sent to any address unfortunately rare of occurrence. And yet that was what took place on board the battleship Texas after the fierce conflict which waged for over an hour and which ended in the annihilation of four armored cruisers, the flower of the Spanish navy, and two torpedo boats Capt. Phillips gathered his men about him, smoke begrimed, with the fire of battle still in their eyes and their faces showing their exultations, he called upon them to uncover their heads and bear witness that he be lieved in God and was not ashamed to own Him. That he wished to give thanks for the great victory He had given without the loss of life to his Miss Fannie Davenport, the noted men. Is there any wonder that vic actress, is reported to be seriously tory comes to such men! With a praying president in the White House to issue his proclamation, calling the nation to give thanks to Almighty God for the victories of our army and navy and a people who respond to such a call with full and devout hearts, is there any wonder that the Great Ruler of the Universe is on our side assisting us to fight our battles? The example and words of Captain Phillips was a magnificent sermon.

SENATOR KENNY ON TRIAL.

He Is the First United States Senator Ever Arrested on a Criminal Charge.

Wilmington, Del., July 11 -A trial probably unprecedented in the annals of this country, that of a member of the United States Senate on a criminal charge, began in the United States Circuit Court in this city this afternoon before Judge Edward G. Bradford.

The defendant is Richard Rollin Kenny of Dover, junior United States Senator from Delaware, in dicted upon a charge of aiding and abetting William N. Boggs, who has confessed to robbing the First National Bank of Dover, of which institution he was paying teller, of the sum of \$107,000. The counts in the indictment to which Senator Kenny has pleaded not guilty charge him with aiding and abetting Boggs to the extent of about \$3,000.

Two men, Ezekiel T. Cooper of Milford and Thomas S Clark of Dover, have already been convicted of similar charges, and are now serving terms of 18 months and five years, respectively in the New Jersey Penitentiary.

Boggs was the principal witness for the prosecution in each case. His story was to the effect that the greater part of his stealings were expended in stock speculations and speculations the defendants were associated with him by participating in his deals, and that they gave him their checks when they had no funds in the bank, Boggs taking care of them from the bank's funds

You take all sorts of precautions, and yet the bilious attack leaps on you like a tiger from ambush. You know the feeling! The blood seeming on fire with a dull heat; the boring pains in the eyes; the head seeming to open and shut; the horrible nausea. You know the irritability which precedes and the languor that follows the attack. It's miserable, isn't it? Why not cure the trouble? There's a pill that will cure biliousness. Dr. J.C. AYER'S PILLS are an acknowledged specific for this

A. Swanger, Texarkana, Tex., writes: "For fifteen years I have used Ayer's Pills, and find them very effective in bilious complaints. I have yet to see the case where they have failed to cure."
